Geier Asset Management, Inc. Supported the REV3 Maryland's Half-Full Triathlon Hosted by Rev3 and Ulman Cancer Fund for Young Adults

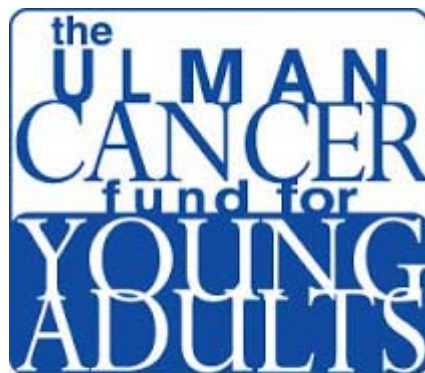

Press Release: 10/22/12

The Rev3 Maryland's Half – Full Triathlon took place October 7th this year at Centennial Park in Ellicott City, Maryland. This was the first year that the Half Full was part of the Rev3 Series. Both Rev3 and the Ulman Cancer Fund for Young Adults are phenomenal organizations who have made it their mission to fight cancer.

The Half was not quite a 70.3 but instead a 70.0 this year to represent the 70,000 young adults affected by cancer every year.

Lance Armstrong raced side by side fellow cancer survivors and a sea of other athletes racing to raise awareness, funds, and support for this cause.

Employees of Geier Asset Management, Inc. and many others were on hand to offer their support through volunteer efforts.
